## **Waiter Station Counter, Three-part Rubbish Sorting Table WS-01800/02200**

- ▶ The three-part rubbish sorting table WS-01800/02200 conforms to the **Federal Hygiene Regulation DIN 18865 H3** and to the **USPH guidelines**.
- ▶ **Material:** Stainless Steel 1.4301 or 1.4571, brushes (240 grain).
- ▶ **Thickness:** Body 1,5 mm, doors' front skin 1,25 mm, tabletop 2,5 mm.
- ▶ The sorting table, fitted with a stainless steel base plate on three sides and two pedestal feet in the front area, can be supplied **with or without refrigeration, as required**.
- ▶ The large sanitary compartment in the lower part of the unit is fitted with three doors which open to reveal three rubbish bins. The doors are easily removable for cleaning purposes. If required, the three circular openings can be closed and covered with up to three horizontal boards.
- ▶ The front cover of the counter is fitted with a U-shaped trim, the corners of the sanitary compartment are rounded to a 10 mm radius to facilitate easy and thorough cleaning.
- ▶ The stainless steel hinges (60 mm long, pin diameter 6mm) are continuously welded on both sides.
- ▶ To save weight, the sorting table is produced without side panels. It can, however, be enclosed in available decorative panels to give the impression of solid wood furniture, fitting discreetly in a restaurant or bar surrounding.
- ▶ All doors are fitted with shock absorbers to reduce noise emission and magnetic catches to ensure efficient, maintenance-free closing.
- ▶ On installation the gap between two adjacent units amounts to **less than 1 mm**.
